

**UN NETWORK MEETING**  
**4 NOVEMBER 2019, 08:30 – 13:00 hrs | Kathmandu, NEPAL**

The UN [Nutrition] Network (UNN) brings together all UN agencies working in nutrition to support countries to end malnutrition in all its forms. The 2019 SUN Global Gathering offers a unique opportunity for the UNN members from country, regional, and global levels to come together, discuss issues and position for the SUN Global Gathering.

The aim of the UNN global meeting is to convene UN agencies to discuss the alignment of the nutrition agenda with the UN reform. Increasing the engagement of UN leadership is crucial, such as supporting the UN Resident Coordinators to bring nutrition at the forefront of the UN agenda. Expanding UNN membership base is needed to foster progress towards the nutrition decade.

The objectives of the UNN global meeting are:

- To update UN colleagues on the upcoming global nutrition milestones and to highlight main UNN achievements at country level
- To unpack the role of the UN Resident Coordinator in making nutrition a cross-cutting priority area in the UN cooperation framework
- To inform of progress on the UN Decade of Action for Nutrition
